

## Questions

- 1) Which are your strongest suits (look at both hands together)?
- 2) Which are your weakest suits (both hands together)?
- 3) Based on your weakest suits, which hand (E/W) would you like to be on lead (you're "on lead" if you win a trick)?
  - Accordingly, which is the "danger hand"? The "danger hand" is the hand, that if it leads, will cause you to lose extra tricks in your weaker suits.
- 4) How many losers (suit contract) do you have?
  - How are you going to eliminate one loser safely?
